TRAITS

- builder
- tinkerer
- ships without direction
- early adopter
- pragmatic
- goal oriented
- quick learner

SUMMARY

Senior PM with 9+ years shipping B2B platforms and AI-integrated products. I build and operate AI automation infrastructure — multi-agent workflows, LLM API integrations, and Cloudflare-based platform services — alongside managing enterprise ecommerce platforms for multi-region clients. Full ownership from product strategy to hands-on deployment, without big budgets or large teams. Comfortable with ambiguity, shipping fast, and iterating on real partner feedback.

communicator

organizer

comfortable with ambiguity

SKILLS & TECHNICAL STACK

AI / LLM Integration	Anthropic Claude API, OpenAI API, RAG architecture, agent orchestration, prompt engineering, LLM cost/latency tradeoffs, hallucination mitigation strategies
Automation & Infra	n8n (self-hosted), Docker, Cloudflare Workers/Pages/Zero Trust, GitHub Actions CI/CD, Linux VPS, webhook pipeline design
Platform & API	API integration architecture, partner API discovery & requirements, Cloudflare Workers routing, third-party API orchestration
Product Management	Backlog management, user story writing, stakeholder alignment, Agile/Scrum, roadmap ownership, A/B testing, zero-to-one delivery
eCommerce & SaaS	WooCommerce, multi-tenant B2B platforms, ERP/BI integration, SEO, UX/UI collaboration, CMS ecosystems
Data & Analytics	GA4, GSC, GTM, BI tools, data-driven prioritization; SQL fundamentals
Tools	Jira, Confluence, Trello, Asana, GitHub, Notion, Figma

- Main point of contact across parallel client workstreams; shaped requirements and aligned stakeholders through delivery.

Account Director / Manager — Next Game

2016 – 2019

nextgame.rs (<https://nextgame.rs>) · Belgrade, Serbia

- Led digital and creative accounts for B2B and consumer clients; managed cross-functional teams across design, development, and media.

Curator & Project Manager — National Museum of Serbia

2009 – 2016

[narodnimuzej.rs](https://www.narodnimuzej.rs) (<https://www.narodnimuzej.rs>) · Belgrade, Serbia

- Managed digital and cultural projects including the EU-funded GIFT Horizon 2020 interactive gamification initiative for European museums.
- Coordinated cross-border teams across UX, content, and academic domains.
- Museum website was chosen as the [best website](https://www.narodnimuzej.rs/najboljisajtpriznanje/) (<https://www.narodnimuzej.rs/najboljisajtpriznanje/>) in CH sector in 2018 by the PC magazine

Misc — Early Career

2007 – 2009

- Reporter at Večernje novosti (daily newspaper) and Svet kompjutera (tech magazine) — covered technology, culture, and current affairs.

GIFT — Horizon 2020

EU-funded interactive gamification project for European museums. Digital engagement experiences across cultural institutions. UX, content architecture, and documentation for cross-border teams.
